Totals	120406	25944	75298

POS	Average Polysemy Including Monosemous Words	Average Polysemy Excluding Monosemous Words
Noun	1.23	2.75
Verb	2.17	3.52
Adjective	1.45	2.76
Adverb	1.24	2.41

NOTES
   Statistics for all types of adjectives and adjective satellites are combined.

   The total of all unique noun, verb, adjective, and adverb strings is actually 138587. However, many strings are unique within a syntactic category, but are in more than one syntactic category. The figures in the table represent the unique strings in each syntactic category.
